Pakenham Hills PS Parents & Friends
Code of Conduct

We will at all times treat each other with respect – in our language & behaviour. We will also respect each other’s differences, opinions & ideas.

We will operate with enthusiasm & teamwork when carrying out school events and/or activities.

We will always work towards the best interests of the school.

We will maintain a friendly & welcoming environment to other parents, staff and friends of Pakenham Hills.

We will be fitting ambassadors of the school – and will conduct ourselves appropriately. If the need arises, we will work to understand and support the school and its decisions. If we personally, or a member of the school parenting group, is unhappy with an aspect of the school, we will (or will direct the parent to) follow appropriate reporting, to allow the school the opportunity to hear the grievance & respond/react accordingly.

We will show understanding and acceptance of our fellow PFA volunteers, and recognise that ANY time given is a gift to the school and is greatly appreciated. Those of us who are less flexible with time & what we can offer are still just as valued and important as the rest of the volunteers.
